ABOUT

Our Pizza

Our dough is made fresh in house every day, then fermented for a minimum of 24 hours. Topped with crushed Italian tomatoes and Fior di Latte mozzarella then cooked for 60 seconds in our AVPN approved, Italian Sud Forni Opale oven at temperatures in excess of 470°C. This results in a pizza that's light and digestible, with gorgeous charred spots on the crust. Just slice into quarters, fold at the crust and enjoy!

Please speak to a member of staff if you have any allergies. Although we make every effort to minimize cross-contamination we cannot guarantee any of our food will be 100% allergen free.

A note from our supplier:

When we say 'natural' we really mean it, so expect grapes that have been carefully hand-harvested on sustainable, biodiverse vineyards that are free from pesticides, herbicides and fungicides; these grapes are pressed and fermented with native yeast and often no temperature control; then the wine is bottled unfiltered, with no additives or flavourings whatsoever, including (for the most part) no added sulphites.
